

## **Clinical Research Centre for Neuromodulation in Psychiatry: A Multi-Centre Initiative to Advance Interventional Psychiatry in India**

### **Clinical Research Training Program [CRTP] (Neuromodulation in Psychiatry)**

CRTP Fellowship is a clinical and research training initiative by DBT Wellcome Trust India Alliance funded Clinical Research Centre for Neuromodulation in Psychiatry. This Fellowship is for candidates with MBBS or MD in Psychiatry who aspire to become clinician-scientists. This is a clinical-cum-research Fellowship which focuses on honing clinical skills and research acumen in one or more neuromodulation techniques in psychiatry. This would be jointly carried out at the following institutes National Institute of Mental Health and Neuro Sciences (NIMHANS), Bengaluru; Central Institute of Psychiatry (CIP), Ranchi; Kasturba Medical College (KMC), Manipal. Each fellow will be primarily placed in one of three institutes. There will be a dynamic collaboration among the three Institutes in terms of exchange of knowledge and training in the area of neuromodulation in psychiatry. Further details are provided in the attached notification.

### **Webinar on CRTP**

The webinar is for candidates interested in applying for this fellowship. The program coordinators will introduce the program and answer queries of the prospective applicants.

Date: 9/02/2021, Tuesday; Time: 6:00 PM to 7:00 PM

Platform: Online (Link will be emailed to the registered individuals)
